**The paradox of abundance** Over 800 million people go hungry each day. Yet the world produces over 4 billion tonnes of food and we only need 3.7 billion tonnes to feed everyone. From all this food produced, a third is wasted. St John Paul II called this 'the paradox of abundance.' Clearly the currently global food system is not working. But as Pope Francis said, "Each of us has a role to play in transforming food systems for the benefit of people and the planet." Let's respond to his call! CAFOD's new campaign is called Fix the Food System. See [www.cafod.org.uk/food](http://www.cafod.org.uk/food) for more information, including an invitation for parish groups to learn about the impact of our food with our Fix the Food System: a 7-station journey resource.

**We have had several visitors to the church over Eastertime. A number have said how much they enjoyed being with us: services, music, friendliness, welcome, flowers, the appearance of the altar and the church. Thank you and congratulations to all concerned.**

**Please pray for the 25 seminarians, who together with 5 orphans and staff, fled the Sacred Heart seminary at Vorzel, 20 miles from Kiev, before it was destroyed and looted by Russian troops. Aid to the Church in Need is providing funds to allow it to re-open in September.**
